

《幼象涉险 母象彻夜哀嚎引来人类救援》

导读:母爱伟大！一头幼象掉进了井里，它的母亲在旁彻夜哀鸣。随后，闻讯赶来的护林人救出了小象。母爱是天性，是世间最伟大的情感。

This is the dramatic moment villagers rescue a young elephant from a construction well after its mother stood by her baby throughout the night.

??

The calf got trapped while a herd of more than 60 elephants passed through a stretch of the Ramgarh district in India.

60??????????????????????????????????????

Throughout Wednesday night the mother relentlessly kept trumpeting and tried to pull the calf out.

??????????????????????????????????????

As she kept trying and continued wailing the whole night, a herd of eight tusked remained on standby.

????????????????8??????????

And for the duration of the night the villagers of Sutri also remained wide awake, praying the herd would return to the nearby forest without causing any destruction.

????????????????????????????????

As daylight broke people started gathering near the well, and the mother elephant made a peaceful retreat and joined the herd waiting behind the bushes.

??????????????????????????????

Moved by her plight, a few brave and kind-hearted people decided to help.

??????????????????????

Lakra Mahto, an eye-witness, said: 'We chopped off a few bamboo poles and put it near the well so that the elephants don't come chasing towards us.'

??????.?????"????????????????????"

'We also lowered a few bamboo poles to help the calf stay afloat till the forest officials arrived.'

"????????????????????"

The forest officials, who were informed around 3:30am, reached the site around 6am armed with an earth mover.

?????3?30??????6??????????

Forest ranger Ramlakhan Paswan, who led the rescue operation, told MailOnline: 'We widened the well's mouth with the earth mover to make a slope and helped the calf come out of the pit after an hour-long operation.'

??????.?????????????????"????????????????????1?????????????????"

'The calf then started walking towards the bushes where its family was waiting.'

"?????????????????"

Last year, a similar incident happened when the mother of a baby elephant struggled for 11 hours to pull her baby out of a pit with the help of villagers.

????????????????????????????11????????????????

Unlike the 2015 incident, this time the herd members remained on a standby till the baby was rescued.
