

《《权游》“龙妈” Emilia Clarke 和DJ男友分手了！》

《权力的游戏》“龙妈”艾米莉亚·克拉克(Emilia Clarke)和DJ男友Bassi Fox分手了！

据报道，38岁的“龙妈”和Bassi Fox交往四个月后，发现彼此并不合适，就友好分手了。看来“合适”二字真不是那么容易的。

01

Emilia Clarke, the renowned actress from Game of Thrones, has reportedly ended her four-month romance with DJ Sebastian 'Bassi' Fox.

据报道，《权力的游戏》中知名女演员艾艾米莉亚·克拉克已与DJ Sebastian 'Bassi' Fox结束了为期四个月的恋情。

According to reports, the 38-year-old actress and her partner decided to part ways after

realizing that "something wasn't quite right" between them.

这位38岁的女演员与她的伴侣在意识到两人之间“有些不太对劲”后决定分手。

A source close to the couple described the split as "bruising" but emphasized that they hope to remain friends and that there are "no hard feelings" involved.

一位亲近这对情侣的消息人士称此次分手“令人难过”，但强调他们希望保持朋友关系，并且“双方都没有恶意”。

The former couple was first spotted together in London last November, enjoying a dinner date.

这对前的情侣去年11月首次在伦敦被拍到共进晚餐。

On Instagram, Clarke shared her excitement with her 28.2 million followers, writing, "Well that's reassuring.. birthdays a month later never tasted so good."

克拉克曾在Instagram上与2820万粉丝分享了自己的兴奋之情，写道：“这真令人安心……一个月后就是我的生日，从未感觉如此美好。”

However, it seems that their relationship has now come to an end.

然而，看来他们的恋情已经走到了尽头。

Speaking to The Sun, the source revealed, "Emilia and Seb aren't together anymore. They had a fun time, but something just wasn't quite right between them. They gave it a good go but, in the end, they realized that perhaps they aren't the right fit for each other."

据《太阳报》报道，这位消息人士透露：“艾米莉亚和巴斯现在已经分手了。他们在一起时很开心，但两人之间就是有些不太对劲。他们努力尝试过，但最终还是意识到或许彼此并不合适。”

The source also added that Clarke has informed her friends of their intention to stay friends despite the breakup.

这位消息人士还补充说，克拉克已经告诉她的朋友们，尽管分手了，但他们打算继续保持朋友关系。

02

艾米莉亚·克拉克于1986年出生于英国伦敦。

2009年，从伦敦戏剧中心毕业后，艾米莉亚出演个人首部电视剧《医生》，从而正式进入演艺圈。

2011年，艾米莉亚获得了《权力的游戏》的试镜机会，并成功从几百人中脱颖而出，成为“龙妈”丹妮莉丝·坦格利安(Daenerys Targaryen)的饰演者。

为了拍摄这部剧，艾米莉亚贡献了很多大尺度的演出场景。

剧中她第一次亮相就是超燃镜头，只见她赤身从浴缸中走出，一脸淡定地接受崇拜者献上的超惊悚人头大礼。

只这个出场，便让无数网友为之侧目。

“龙妈”从小胆小自卑，非常畏惧且依赖自己的哥哥，不成想，这样一个不起眼的人物，却在后期成长为一代君王！

凭借这部剧，艾米莉亚四次获得艾美奖提名，并收割了一大波忠实粉丝。

然而，在剧内叱咤风云的“龙妈”，在局外却因脑动脉瘤经历了两次艰难的手术，并忍受着常人难以忍受的病痛，

艾米莉亚曾在《纽约客》上分享过自己的经历。

早在2011年刚拍完《权力的游戏》第一季的时候，她就被诊断出患有动脉瘤。

“ My trainer had me get into the plank position, and I immediately felt as though an elastic band were squeezing my brain, ” she wrote. “ I tried to ignore the pain and push through it, but I just couldn ’ t. I told my trainer I had to take a break. Somehow, almost crawling, I made it to the locker room. I reached the toilet, sank to my knees, and proceeded to be violently, voluminously ill. Meanwhile, the pain — shooting, stabbing, constricting pain — was getting worse. At some level, I knew what was happening: my brain was damaged. ”

“ 教练让我做平板支撑，我立马感觉就像有根橡皮筋在挤压我的大脑， ” 她写道， “ 我试着忽略疼痛，继续坚持，但我做不到。我告诉教练我得休息一下。不知怎么的，我几乎是爬着到了更衣室。我走到厕所，跪在地上，然后开始剧烈呕吐。与此同时，疼痛——如刀割般、紧缩般的疼痛——越来越剧烈。在某种程度上，我知道发生了什么：我的大脑受损了。 ”

接着，她被救护车送到了医院，医生给她做了核磁共振。

“ The diagnosis was quick and ominous: a subarachnoid hemorrhage (SAH), a life-threatening type of stroke, caused by bleeding into the space surrounding the brain, ”

she said. “ I ’ d had an aneurysm, an arterial rupture. As I later learned, about a third of SAH patients die immediately or soon thereafter. For the patients who do survive, urgent treatment is required to seal off the aneurysm, as there is a very high risk of a second, often fatal bleed. If I was to live and avoid terrible deficits, I would have to have urgent surgery. And, even then, there were no guarantees. ”

“ 诊断结果很快，也很不祥：蛛网膜下腔出血(SAH)，这是一种危及生命的卒中类型，由大脑周围空间出血引起， ” 她说， “ 我得了动脉瘤，动脉破裂。我后来了解到，大约三分之一的SAH患者会立即死亡或不久后死亡。对于幸存的患者来说，必须立即进行治疗以封闭动脉瘤，因为再次出血的风险非常高，而且往往致命。如果我想活下去，避免严重的后遗症，我必须立即接受手术。而且，即便如此，也没有万无一失的把握。 ”

好在经历了长达三个小时的微创手术后，艾米莉亚恢复了。

然而，好景不长，2013年，之前手术遗留的另一个较小的动脉瘤仅两年时间就增大了一倍，艾米莉亚不得不再次接受手术。

然而，这次手术并不顺利。

“ When they woke me, I was screaming in pain. The procedure had failed, ” she wrote. “ I had a massive bleed and the doctors made it plain that my chances of surviving were precarious if they didn ’ t operate again. This time they needed to access my brain in the old-fashioned way — through my skull. And the operation had to happen immediately. ”

“ 他们叫醒我时，我疼得尖叫起来。手术失败了， ” 她写道， “ 我大出血，医生明确表示，如果不再次手术，我存活的几率很小。这次他们需要采用老式方法——打开我的颅骨。而且手术必须立即进行。 ”

这次手术后，经过一个多月的修养，艾米莉亚逐渐恢复了。

因为自己淋过雨，所以总想替别人撑把伞。

恢复后，克拉克创立了一个名为SameYou的慈善机构，为脑损伤和卒中康复者筹集资金。2024年年初，她还因此被授予了大英帝国勋章。

自出道以来，艾米莉亚鲜有绯闻八卦，除了DJ Bassi Fox，她还和导演兼编剧Charlie McDowell传过绯闻。

不过，这段感情并没有持续多久就无疾而终了。

Charlie McDowell取关了艾米莉亚，并在2021年9月娶了Lily Collins。

现在，艾米莉亚再次恢复单身，真心希望人美心善的“龙妈”早日找到真爱。

重点词汇：

bruise /bru z/ n./v. 瘀伤;使受瘀伤(文中比喻情感的伤害)

diagnosis / da n s s/ n. 诊断

subarachnoid hemorrhage /s b 'rækn d h m r d / (SAH)
蛛网膜下腔出血

aneurysm / ænj r z m/ n. 动脉瘤

arterial / t ri l/ adj.动脉的

rupture / r pt (r)/ n./v. 破裂

precarious /pr ke ri s/ adj. 危险的，不稳定的

give it a go 尝试一下，放手一搏
